Your First 5 Minutes with abcAssess

🕒 5 minutes. Faster than convincing someone to put their shoes on.

1

Create Your Account

~1 min

Go to **abcassess.app** and tap **Sign Up**. Email, Google, or Apple — whatever's fastest.

14 days free, full access, no card needed. Just go.

📱 YOUR PHONE IS ENOUGH

Playground, hallway, snack time — abcAssess fits in your pocket and goes wherever you do.

2

Set Up Your Class

~1 min

1. Name your class and pick a grade level
2. Add students — first name's all you need

Tap **Save & Finish** and you're on your Dashboard.

👤 BUILT FOR EVERY LEARNER

Support your late bloomers, challenge your high flyers — customize per student, anytime.

3

Run an Assessment

~2 min

Tap a student's **Start Assessment** button. Try **Uppercase Letters** first.

One card at a time — tap **Known** or **Unknown**. Saves as you go.

🗂️ USE THE KEYBOARD

→ for Known, ← for Unknown. Same face, every card — kids can't tell which ones they missed.

4

Check Results

~30 sec

Last card, and results pop up — score, proficiency level, exactly which items to revisit.

Nothing to write down. Already saved and ready for reports.

✅ THAT'S IT!

A real, saved assessment, no spreadsheet in sight. The **Reports** page turns this into a PDF in seconds.

GOOD TO KNOW

Offline's fine

No Wi-Fi? Keep assessing. Everything syncs the moment you're back online.

Pause, don't panic

Need a beat? Hit pause — a quick unlock code keeps little hands from un-pausing it for you.

WHEN YOU'RE READY FOR MORE

→ Add a co-teacher or para
Managing Your Team

→ Build your own assessments
